

Award Winning AminoGenesis arrives in Australia

A breakthrough in skincare technology, AminoGenesis is set to revolutionise the Australian market with its advanced Amino Acid Formula.

A world first for the beauty industry, the 17 amino acids in the AminoGenesis formula have been painstakingly balanced and blended to match the optimum amino acid composition in collagen. AminoGenesis is an advanced line of 7 products developed for all skin types and can be used to improve a multitude of skin problems, such as acne, dermatitis, psoriasis, sun damage and wrinkles. The line includes: Really Really Clean, Therapeutic Facial Repair, Counter Clockwise, Perfect Reflection, Postage, Supermoist and Cocoon. AquaOil the Natural Choice of Professional Therapists

AquaOil Massage Oil is the original 100% water dispersible hydrating natural vegetable oil. AquaOil's popular soybean base tackles the growing concerns of allergens, and provides natural antioxidant properties as well as nourishing the skin with superior glide. AquaOil has included a natural blend of Muscle & Joint Pain and added essential oils. This blend provides additional beneficial properties during a massage. Muscle & Joint has pine, wintergreen, black peppercorn, and sensory essential oils. A stimulating, anti-inflammatory, relieving oil for joints, relax muscular aches and increase body movement. For enquiries and samples contact 02 9371 5010, www.aquaoil.com

Power-Plate® Anti-Aging Equipment Offers a New Boost for Spas

Award-winning Power-Plate®, leaders of Acceleration Training through Whole Body Vibration Technology combines massage, relaxation and fitness with unique wellness results. Power-Plate® boasts many benefits including improvement in skin appearance and texture; reduction in appearance of cellulite; improved oxygenation of blood, collagen regeneration, increased bone density, improved muscle tone, improved co-ordination, increased fitness, fat burning and relaxation. Training on the Power-Plate® for 15 minutes, 3 times a week, is a low impact, non-strenuous exercise program that enhances general wellbeing and quality of life.
